

MOBILE COMMAND CENTER

Flat screen communication center.

Command area with pass through to the cab.

MOBILE COMMAND CENTER

The E-ONE Custom Heavy Rescue Command Center is designed to be the centerpiece of your Homeland Security efforts. Utilizing the same time-tested, rugged design of E-ONE pumpers, aerials and rescues, the E-ONE Command Center will successfully stand up to the task.

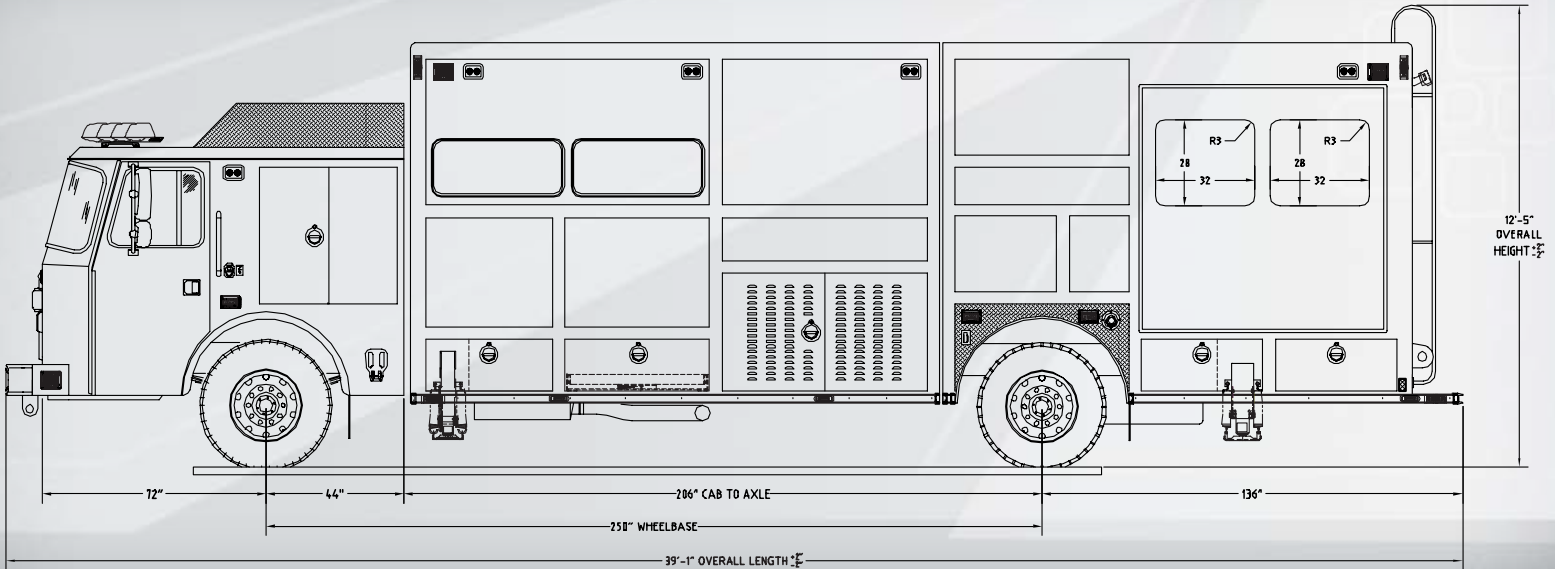

E-ONE Command Centers are custom designed to meet the different needs of each customer. Typical layout would include a conference area, a galley / bathroom area and a communications section. Expand your work area with up to two slide-out rooms.

With the ability to configure radio, phone and internet connectivity the E-ONE Command Center can assure coordination and deployment of resources is done quickly and efficiently. When lives are in the balance and seconds count, count on the E-ONE Command Center.
